Make sure to check out the Lancaster Barnstormers
for a nice family baseball night!

4th of July Rice Krispies Treats Supplies:

- 6 cups Rice Krispies Cereal
- 1 package marshmallows
- 3 TB margarine or butter
- Food coloring (Red and Blue –Betty Crocker Gel Food Colors make nice, bright colors!)

1. Gather your supplies and divide the Rice Krispies and marshmallows in three for the three layers (2 cups Rice Krispies and about 2 cups marshmallows).

2. Put one division of marshmallows in a microwave safe bowl along with the margarine (1 TB) and microwave for a few minutes or until they start to get big and almost touch the top of the microwave. Take them out, stir well and add the blue food coloring until you reach your desired brightness. Then add the 2 cups of Rice Krispies and stir well. Press into well-greased 9x9 pan (a 9x13 works but makes thinner treats).

Do this for all 3 layers starting with the blue, then white (which is just regular and requires no food coloring) and then red. Pat down all layers really well using wax paper, then let it sit for a couple minutes and enjoy!
